Dear Nick

I am writing to say how pleased we are with the levels of service provided by Nix Network Services during the change from our existing supplier to yourselves.

You have handled everything with utmost professionalism and nothing has been too much trouble. Whatever we have asked for, you have delivered with excellent products, service and support.

You have made a very difficult situation with the changeover seem effortless and handled everything on our behalf, which we really do appreciate.

If you want to use this testimonial on any of your websites or customer feedback forums, we welcome this, as we would like other Clients to know that they will be getting an excellent service and somebody who they can trust, which is everything in our business.

Yours sincerely

Karen Wright
